

## **District 1 Service Spotlight**

### **DCM**

#### **How would you describe your position in one sentence?**

I serve as the link between District 1 and Area 48 so that the group conscience of District 1 can reach the Area Committee (and the Delegate) and information can be brought back to the groups in our District.

#### **What is your favorite aspect of serving as DCM?**

I love being in a position to see what's happening in our District and at the Area level, and having the opportunity to share with each group what the other is up to.

#### **How has this position impacted your sobriety?**

As DCM I am not allowed to have an opinion during our business meetings, so I really get to practice listening! I'm learning [sometimes quickly, sometimes slowly] to be a humble servant of AA and my fellows.

#### **How could members at large get involved/be of service in relation to your position?**

District 1 needs more people to get involved. We have dedicated GSRs and Committee Chairs who regularly attend and participate, which is great. Now we need new members from the many groups in this District (over 100 groups!) to start attending District meetings, see what it's all about, get involved, and then stand for positions. People need to show up, not to be of service to me or whoever the DCM is, but for AA and for their fellow alcoholics.
